

World's highest indoor magnetic field

With the help of a **12-channel 1.25 GS/s digitizerNETBOX** from **SPECTRUM**, the **Uni of Tokyo** set a **world record** for the **highest indoor magnetic field** of unbelievable **1200 Tesla!** The measurement system had to be placed directly next to the experiment, where the **magnetic field is too dangerous for humans**. It's a big advantage that all Spectrum Netboxes offer **full remote control via Ethernet!**
