Multi-channel NETBOXES tackle MIMO testing problems

Our extensive range of **digitizerNETBOX** and **generatorNETBOX** products provide a **simple way** to acquire and generate **multiple test signals for MIMO type applications.** These **powerful multi-channel instruments** are available with **2 to 48 fully synchronous AWG or digitizer channels**, all in one box! Choose from more than **90 different NETBOX models!**

- **Digitizer sampling rates from 5 MS/s to 5 GS/s** with 8 to 16 bit
- **AWG output rates from 40 MS/s to 1.25 GS/s** with 16 bit resolution
- **LXI compliance** for easy Ethernet connection to a PC or Network
- **Fully programmable** - designed for automated and remote testing

For **over 30 years**, all Spectrum products have been **"Made in Germany"**. We offer an **industry-leading 5 years warranty** - for your peace of mind!
