

## 22 different PXIe cards for digitizer & AWG applications

In the robust **PXIe industry standard**, Spectrum Instrumentation offers a total of **17 different digitizer cards** and **5 different AWGs**. The digitizers offer sampling rates from **130 MS/s to 5 GS/s**, and the AWGs have speeds from **625 MS/s to 1.25 GS/s**. There are **1, 2 or 4 channels** available per card, whereby all PXI features such as **reference clock, star trigger or trigger bus** are supported. With our **Parameter Search Engine**, you will find the perfect fitting PXIe card for your application:

[See our Parameter Search](#)

For **over 30 years**, all Spectrum products have been **"Made in Germany"**. We offer an **industry-leading 5 years warranty** - for your peace of mind!
